Cash Ending:	\$ 985,922
Inc/(Dec) in Cash:	\$ 36,847

\$374,980,705 Invested Over 35 Years!

1940 Deckner Avenue was one three renovated homes sold in 2016 and one of eight units rehabbed or built last year.

Here's Katie Bennett entering the front door of her newly-purchased home! Katie had a goal of buying a home after graduating college. Her determination and NeighborWorks Green Bay's support helped make her American Dream one of 232 that we brought to life last year!

Each year, NeighborWorks Green Bay counsels and educates hundreds of area families to promote and preserve homeownership.

Our housing renovation efforts are saving dozens of area homes and reversing decades of neglect and disinvestment.

Through our rental housing program, 185 area families of modest means had safe and sound homes in 2016.

We produce an average economic impact of \$10 million annually. Our business activity sustains more than 70 area jobs. Our creation and support of the Farmory project and partnership in the E-Loft Accelerator will generate new businesses and growth in the years ahead.

GREEN BAY

Projects & Programs

Building Homes & Communities - for 35 Years!

Education & Counseling

- **Pre-Purchase Education.** Classes in English, Spanish, and Hmong at our Green Bay HomeOwnership Center and online prepare buyers for home shopping and discussing financing with their lender. Budgeting for repairs is also covered in our longest-running program, sponsored by Associated Bank.
- **Pre-Purchase Counseling.** Counseling is offered concurrently with our educational program to provide one-on-one guidance to families facing the challenges associated with buying a home. Our counseling programs are certified by the US Department of Housing and Urban Development.
- **Post-Purchase Counseling.** To help families avoid credit pitfalls once they purchase, we offer workshops on budgeting, refinancing, home maintenance, and more. We are a certified Home Equity Conversion Mortgage counselor.
- **Foreclosure Prevention Counseling.** Our counselors help homeowners to develop an action plan to avoid foreclosure or help them to limit the damage to their credit and smooth the transition to renting or purchasing a less expensive house.

Lending

- **Down Payment and Closing Cost Assistance Loans.** We support home buyers by offering loans to help with down payment and closing costs. Borrowers must complete Pre-Purchase Education classes and individual counseling.
- **Owner Occupied Rehab Loans.** Qualified homeowners throughout the region can seek rehab loans for needed home repairs. We provide home inspections, work write-ups, and construction monitoring for this Brown County-led initiative.

Development

- **Housing Renovation & New Construction for Working Families.** We build or renovate as many as 25 dwellings every year. We operate quality rental housing that is affordable for working families and those with fixed incomes. We sell homes to working families seeking to put down roots in our neighborhoods. Our housing development efforts strengthen and stabilize neighborhoods and their families.
- **Adopt-A-Home™ Program.** The donor-financed Adopt-A-Home™ Program of single-family renovation and resale has completed 15 projects. This program helps create mixed-income neighborhoods and encourages neighborhood involvement.
- **Office & Commercial Space.** We offer high quality office/retail space at our Chicago & Jackson location and offices exclusively for nonprofits at our Adams Square location (a collaborative project with Associated Bank). Our neighbors include, E-Hub, E-Loft (The Entrepreneurial Enterprise Loft), the United Way of Brown County, Girl Scouts of the Northwestern Great Lakes, the First Tee, and the Bay Area Community Council.
- **The Farmory.** With a test system operational since February 2016, our partner organization, The Farmory, is pursuing development of a 20,000 square foot indoor farm and fish hatchery next to our Chicago and Jackson headquarters.

Community Building & Engagement

- **Home & Life Workshops.** We support and host this resident-led workshop series that teaches home maintenance, budgeting, gardening, cleaning, and more.
- **Community Leadership Institute.** In partnership with the Green Bay Neighborhood Leadership Council, we sponsor an annual conference for resident leaders to sharpen their skills and share best practices.
